# CATALOGO GENERALE 2020

**CE.SI.**

In ogni attività creativa, colui che crea si fonde con la propria materia, che rappresenta il mondo che lo circonda. Sia che il contadino coltivi il grano o il pittore dipinga un quadro, in ogni tipo di lavoro creativo l'artefice e il suo oggetto diventano un'unica cosa: l'uomo si unisce col mondo nel processo di creazione.

In every creative activity, creator melds in his own matter, which depicts his surrounding world.  
Both the farmer, who grows the wheat and the painter, who paints a picture, in any creative work the maker and his object become a unique entity.  
The human being connects himself with the world during the creation process.

Erich Fromm  
psicoanalista e sociologo

## *a colori*

La ricerca sul **colore**, portata avanti con coerenza e professionalità, si concretizza in una nuova gamma di prodotti da pavimento e rivestimento che costituiscono un progetto organico fatto di nuovi colori, superfici e formati tra loro compatibili.

Research into **colour**, carried forth consistently and professionally, takes shape in a new range of wall and floor products that form a systematic project made of new colours, surfaces and sizes all modular with each other.

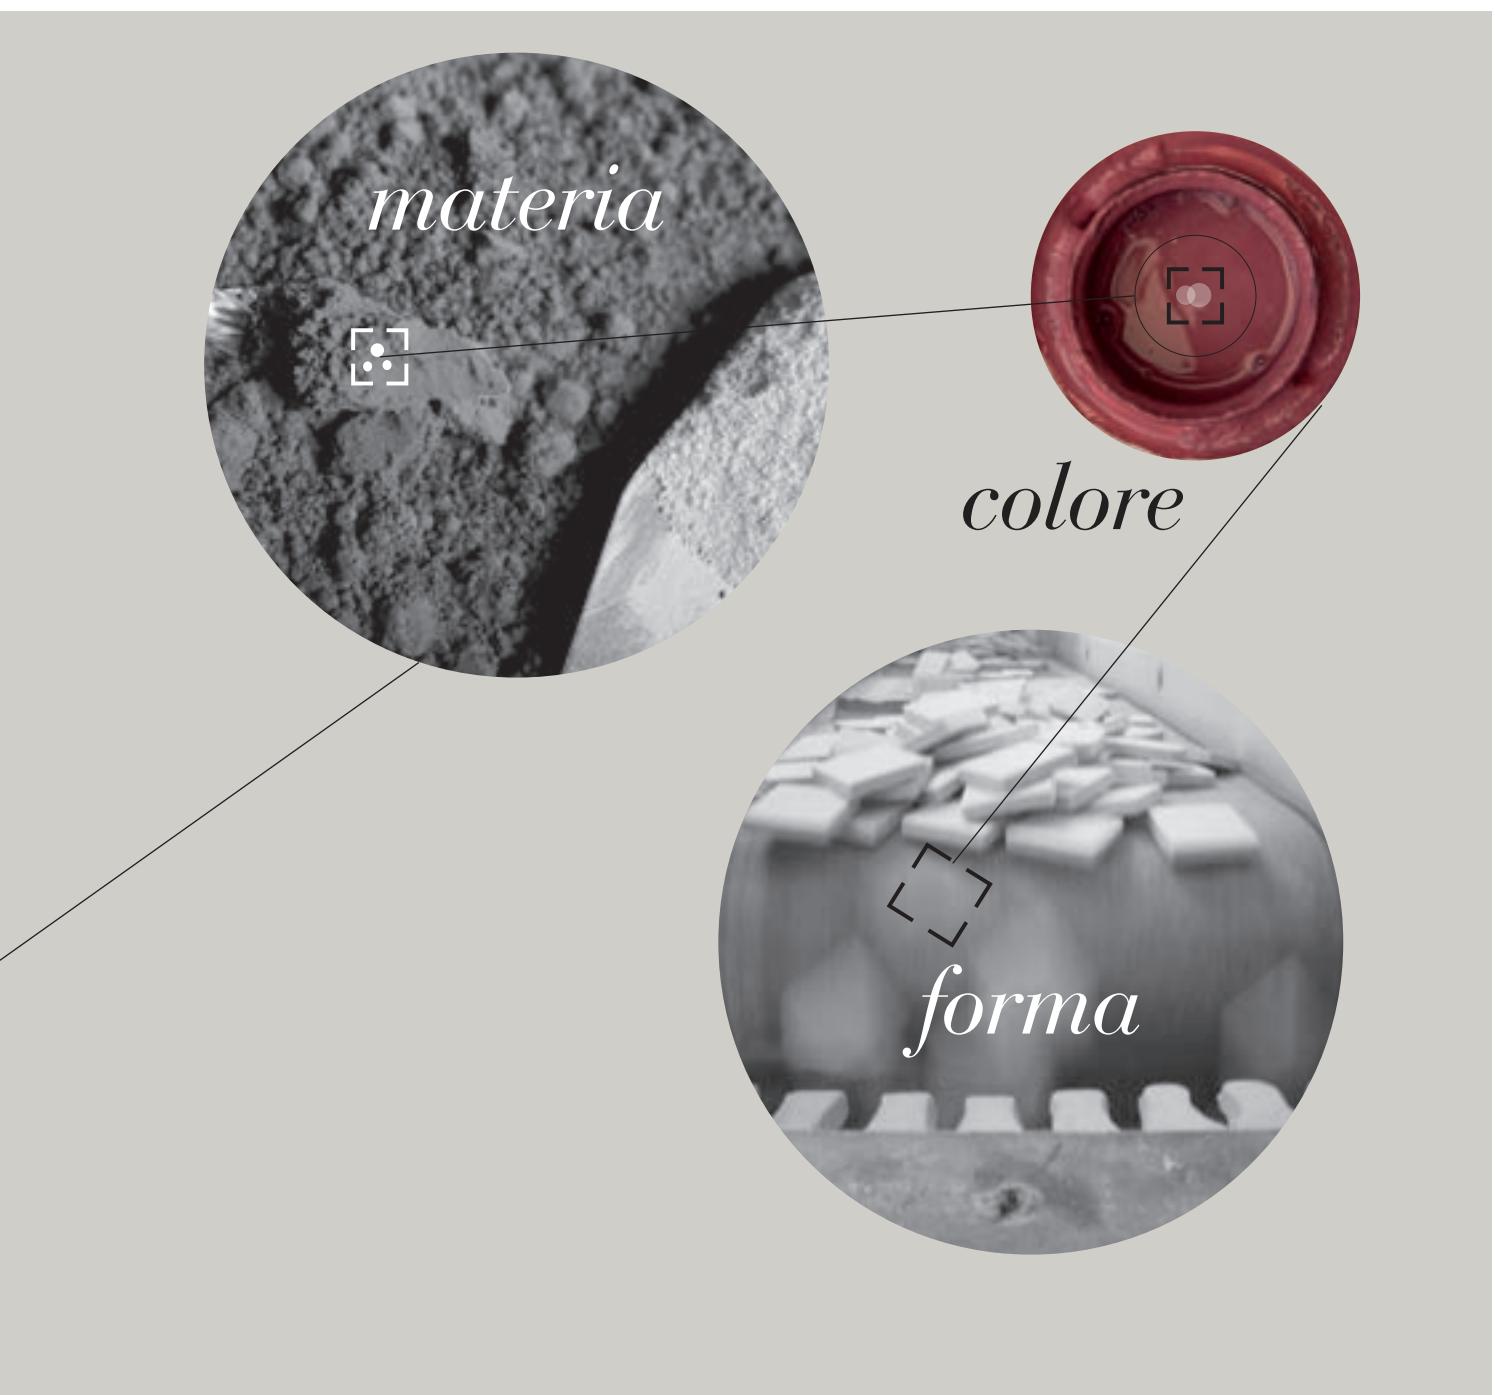

I nostri prodotti offrono una superficie compatta e resistente, dai colori più brillanti e saturi: le materie prime selezionate che formano il supporto, garantiscono la totale assenza di impurità e una migliore distribuzione del colore. Il colore è per eccellenza la parte dell'arte che possiede un dono magico.

Mentre il soggetto, la forma, la linea si rivolgono prima di tutto al pensiero, il colore non ha nessun significato per l'intelligenza, ma ha tutti i poteri sulla sensibilità, provoca delle sensazioni. Il mondo è disegnato dalla luce e plasmato dal colore. Il colore muove, esprime, sussurra, diverte. Il colore si intreccia con fantasia generando trame di materia e di racconti.

Our products offer a compact, hardwearing surface with the brightest and fullest colours. The selected raw materials ensure a total absence of impurities and a better distribution of colour.

The colour is part of the excellence that has a magical gift. While the subject, form, line turn first of all in thought, the color has no meaning for the intelligence but all powers on sensitivity, causing sensations. The world is drawn by the light and defined by colour. Colour moves, expresses, whispers, amuses. Colour confuses with fantasy, creating new material and tales.

# Mix and Match

La collezione CE.SI. è caratterizzata da un'ampia gamma di superfici: matt, lucidi, antislip, che possono essere abbinate tra loro, grazie alla fedeltà cromatica che le caratterizza, per generare proposte dall'alto valore estetico-progettuale.

The collection CE.SI. is composed by a wide range of surfaces: matt - glossy - antislip which, thanks to high chromatic precision, can be perfectly matched together, creating proposals of a high aesthetic and design value.

L'intensa e vivace gamma cromatica delle piastrelle armonizza sapientemente design ed eleganza.

Proposte di posa, creative ed originali, in cui colori di tendenza e piacevoli giochi di luce delle diverse superfici di pavimenti e rivestimenti caratterizzano sia spazi pubblici che ambienti residenziali unici.

The rich and vivid chromatic tile range skilfully harmonizes design and grace.

Artistic and original laying proposals typify public spaces and residential locations with trend colours and plays of light and surfaces.

# Modularità

La collezione è composta da diversi formati e pezzi speciali, perfettamente modulari tra loro per consentire un'infinita varietà di soluzioni di posa.

Il calibro costante, l'assoluta planarità e ortogonalità delle superfici permette la composizione modulare dei diversi formati e offre al progettista soluzioni compositive originali e innovative per l'edilizia pubblica e residenziale.

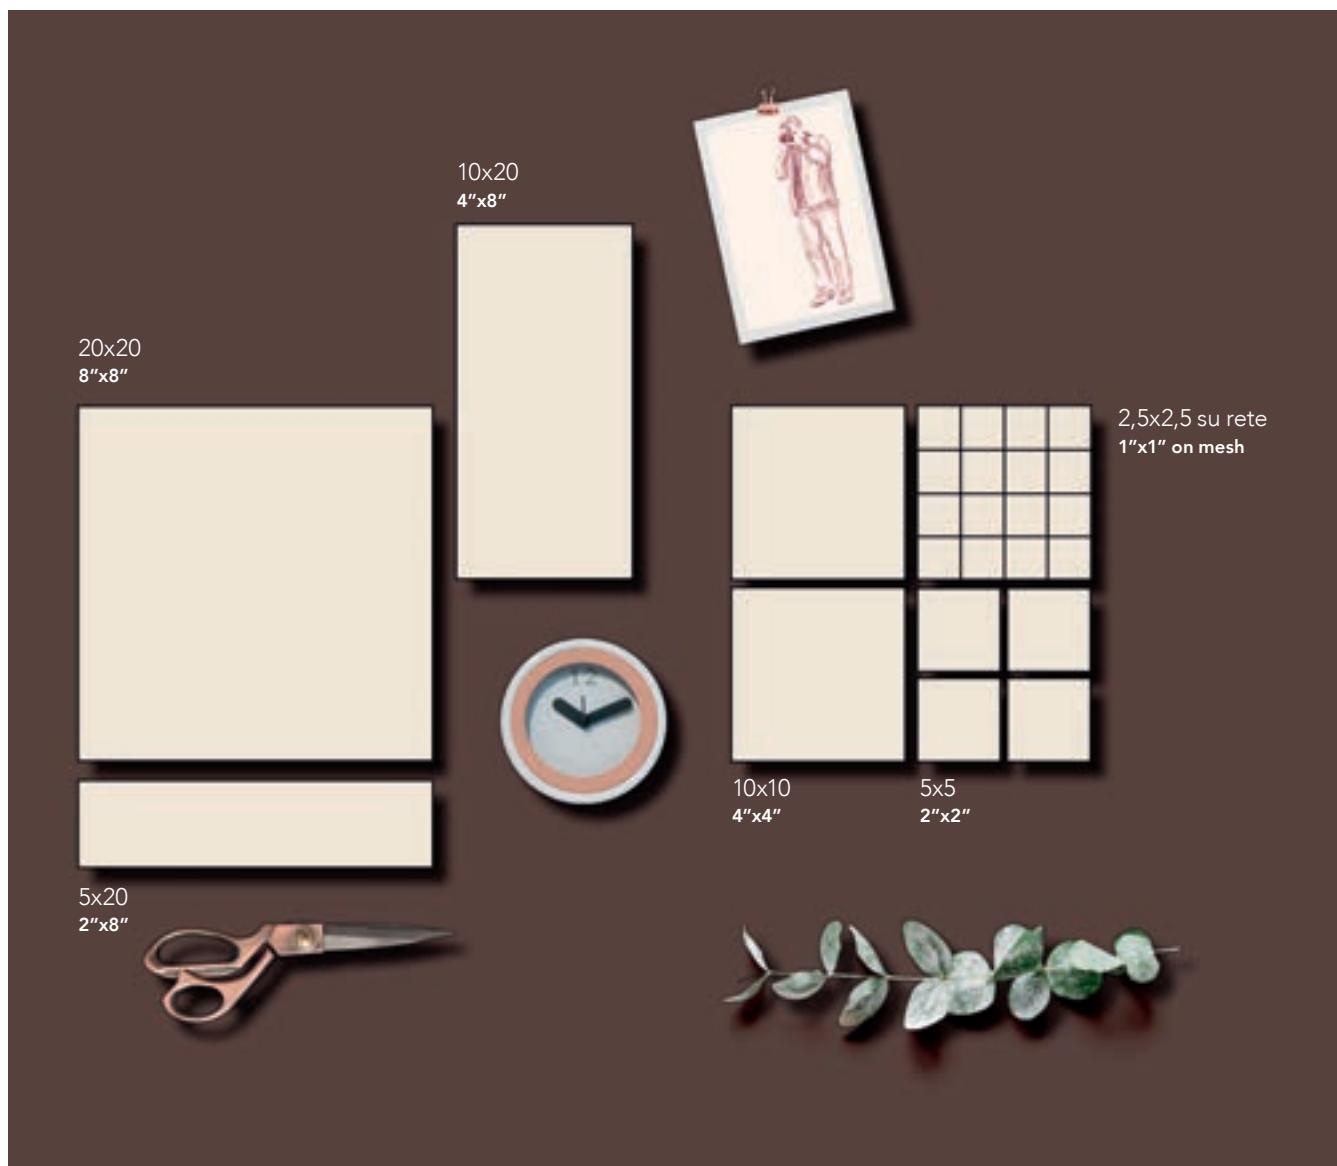

Gres porcellanato smaltato classificato gruppo B1b - assorbimento acqua compreso tra 0,5 e 3% - adatto per posa all'interno ed esterno.

Realizzato nei formati: 5x5 / 6x25 / 7,5x7,5 / 7,5x15 / 10x10 / 15x15 / 5x20 / 10x20 / 20x20 / 10x60 / 20x60 / 10x30 / 30x30 e nei formati su rete 3x10 / 5x5 / 2,5x2,5.

The perfect modularity of sizes and special trims allows an endless variety of laying solutions.

The constant caliber, the absolute flatness and orthogonality of the surfaces allows many modular compositions of the different formats, colours and finishes available in our range and offers the designer original solutions for residential and public projects.

Porcelain stoneware belonging to B1b group - water absorption between 0,5 and 3% - suitable for in - and outdoor. Available in sizes: 5x5 / 7,5x7,5 / 7,5x15 / 10x10 / 15x15 / 5x20 / 6x25 / 10x20 / 20x20 / 10x60 / 20x60 / 10x30 / 30x30 and mesh mounted 3x10 / 5x5 / 2,5x2,5.

# effetto Tridimensionale

7,5x15 3"x6" . DIAMANTATO LUCIDO

GRANATO

Una collezione vintage che ripropone un classico tipico del metrò parigino, dei primi anni del secolo scorso, nei formati: 7,5x7,5 e 7,5x15 diamantato, 7,5x15 e nel nuovo formato 20x60 sempre diamantato.

La serie è di particolare effetto grazie al suo aspetto tridimensionale e al gioco di luce ed ombra che la sua superficie sfaccettata crea in presenza della diversa illuminazione.

La gamma di colori riproposta in colori tradizionali, grazie ai molteplici pezzi speciali a completamento rende le serie metro fruibile in diversi ambienti sia pubblici sia privati.

A vintage collection which proposes a typical classic tile being used in Parisian underground stations since last Century.

Its three dimensional look is really catching and the cut surface creates light and shade effects under lighting.

The traditional colours and the various matching special trims make Metro range suitable both for public and private locations.

La serie metro si completa con i suoi pezzi speciali. Sempre più richiesti, sia per questioni di igiene e sicurezza, che per il loro valore estetico, facilitano la posa e donano un gusto squisitamente retrò agli ambienti.

Special trims integrate metro range. They are more and more demanded, both for safety and hygiene matters and for their aesthetic value. Special trims simplify the laying and give a delighfull retrò taste to the settings.

## I PROGETTI

Un disegno, una scritta, un logo, un simbolo... qualsiasi progetto viene scomposto e frammentato per ritrovare nuova vita nelle tessere colorate e diventare un prezioso mosaico. Non ci sono limiti alla realizzazione: le tessere premontate possono essere assemblate per creare grandi pareti a mosaico; tutta la gamma dei 40 colori matt e 20 lucidi 2,5x2,5, 5x5 cm è disponibile per creare sfumature e volumi: l'unico limite nei formati è la propria fantasia.

A drawing, a logo, a symbol, any kind of project is scomposed and splitted up in coloured tesseras finding a new life and becoming a preciuos mosaic.  
sizes 2,5x2,5 and 5x5 cms are available to create nuances and volumes: the only limit is your fantasy.

## TRANSFER

La decorazione viene stampata su una singola piastrella in modo da poter essere trattata come un vero e proprio decoro.

## TRANSFER

The decoration is printed on a single tile, which can be used as a real garnish among plain tiles.

Il transfer rappresenta l'evoluzione dei sistemi di decorazione che, negli ultimi anni, hanno rivoluzionato il processo di decorazione delle piastrelle.

Grazie a queste tecniche, la piastrella da mero elemento di rivestimento per pareti e pavimentazioni si è trasformata in oggetto di arredamento di interni e di design, grazie a pattern colorati.

Ogni immagine, logo, foto, disegno può essere trasferita mantenendo le caratteristiche tecniche del supporto ceramico di resistenza alle abrasioni e agli acidi. Libertà di espressione negli ambienti privati ed un forte potenziale di comunicazione nei luoghi pubblici o di rappresentanza. I transfer possono essere realizzati sui formati 7,5x15, 7,5x15 diamantato, 10x10, 20x20, 10x30 e 15x15 su finitura lucida o matt.

Transfer is the evolution of decoration systems which, recently, transformed the decoration process.

Thanks to these technics, tile is no more a mere covering element for walls and floors, but it becomes a real interior design part.

Any picture can be transferred keeping anyway the technical features of the ceramic tile, such as resistance to abrasion and acids. Freedom of communication in private places and strong impact in public places.

Transfer can be made on 7,5x15, 7,5x15 diamantato, 10x10, 20x20, 10x30 and 15x15 cms tiles. Available in glossy and matt finishing.

# Lucido<sup>e</sup> Strutturato

La collezione COSMO realizzata in un unico formato 6x25 ispirato alla nuove tendenze di design e arredamento, unisce alle alte performance del gres porcellanato smaltato lucido o full body R10 A+B, una superficie strutturata che dona un particolare gioco di luce e texture.

Disponibile in 3 colori lucidi strutturati classici ma sempre attuali: bianco, avorio, nero e in 4 colori full body: bianco, nero, grigio scuro, tortora. La gamma cromatica è coordinata con gli altri formati della serie CE.SI.

COSMO range in 6x25 (single size) draws its inspiration from the new design trends; it combines the high performances of both glazed and unglazed porcelain stoneware (gloss and full body R10 A+B) with a rough surface, which produces characteristic texture and light effects.

The range is available in three gloss structured colours: white - beige - black and four Full body colours: grey-black-white-dove-grey. This colour selection matches with different sizes in CE.SI. collection.

# AVVERTENZE

## WARNINGS - NOTICES - EINWEISUNGEN

Si raccomanda a fine cantiere di effettuare una pulizia accurata con detergenti tipo FILA DETERDEC o FILA PS87.

Il materiale Ce.Si. non necessita di ulteriori cure particolari o trattamenti aggiuntivi dopo la posa.

Non si accettano contestazioni per materiale posato senza l'uso di massetto e adesivi adeguati.

Consigliamo una fuga di almeno 2 mm, in particolare combinando piastrelle di diversi formati.

Il colore VERMIGLIO, CROMO, VANADIO, CORALLO in tutti i formati può presentare una puntuatura nera e una stonalizzazione dovuta alla particolarità del colorante utilizzato.

Per la stuccatura e la posa dei colori GOLD e SILVER si consiglia l'uso di materiale epossidico o in alternativa stucchi a grana fine.

Le variazioni di dimensione e tono rientrano nelle tolleranze di un processo produttivo artigianale e sono da considerarsi, per questo, caratteristiche proprie del prodotto.

Il formato 10x60cm presenta un lato tagliato a spigolo vivo, nella posa verticale si suggerisce di posare tale lato tagliato nella stessa verso (dx o sx) mentre per la posa orizzontale, si consiglia di posare il lato tagliato sempre verso il basso.

I lati da 20cm del formato 5x20cm sono entrambi a spigolo vivo.

Once all work on site is completed, we recommend a careful cleaning of all the filth using FILE DETERDEC or FILA PS 87.

Ce.Si. product does not require other particular care or additional treatment after installation

VERMIGLIO, CROMO, VANADIO, CORALLO can show small black dots an light fade in the shade due to the peculiar colorant used.

For Gold and Silver laying and grouting we recommend to use Epoxy material or fine grained plasters.

A grout line of at least 2 mm is necessary,in particular by laying different sizes or tiles together.

Dimensional and chromatic variation is peculiar of an handwork production process and is a distinctive feature of the product  
200 mm sides in 5x20 are cut edged.

we recommend to install 10x60 with cut edge facing down (long edges parallel to the floor)

with cut edge following the same direction (long edges perpendicular to the floor)

En fin chantier nous conseillons un nettoyage soigné avec des produits comme: FILA DETERDEC ou FILA PS 87

Le matériel Ce.Si. ne demande aucune soins ou traitement supplémentaires après la pose.

Nous conseillons,de faire un joint d'au moins 2 mm, surtout si différents formats sont posés ensemble.

VERMIGLIO, CROMO, VANADIO, CORALLO peuvent présenter de petits points noirs et dénuancés à cause de la spécificité du colorant utilisé. Pour la pose et les joints de Gold et Silver, nous conseillons l'utilisation d'un joint Epoxy ou à grain fin.

Les cotés de 200 mm du format 5x20 sont à bords vifs.

Les variations des dimensions et des couleurs, inhérentes à une production artisanale, sont à considérer comme des caractéristiques distinctives du produit.

Nous suggérons de poser le 10x60: avec le bord vif vers le bas (les long cotés parallèles au sol)

avec le bord vif qui suit la même direction (les longs cotés perpendiculaires au sol)

CE.SI. Material braucht keine besondere Pflege und Bearbeitung nach der Verlegung.

In Anschluss an die Verlegung, empfehlen wir eine intensive Grundreinigung mit folgende Reinigungsmittel (oder ähnliche) DETERDEC.

Bei der Verlegung mit verschiedenen Formaten,empfehlen wir eine Fuge von mindestens 2 mm zu behalten.

Auf die Farben VERMIGLIO, CROMO, VANADIO, CORALLO könnten schwarze Punkte unter der Glasur erscheinen, das gehört an die Besonderheit vom verwendeten Farbstoff.

Für die Verlegung und die Fugen von Gold und Silver, benutzen Sie Epoxy oder feinkörnig Material.

Die 20 cm. Seite der 5x20 sind scharfkantig

Größen - und Tonabweichungen gehören zu den Toleranzen eines handwerklichen Herstellungsprozesses und sollten daher als Produktmerkmal angesehen werden. Es wird empfohlen, das 10x60 so zu verlegen:

In Horizontal : mit der Scharfkante nach unten In Vertikal : mit der Scharfkante immer in die gleiche Richtung ( Seite )
